Section with a list

- Single item.
- Another single item.
  - Sub-item.
- Double...   - ... item.
- Another double...   - ... item.

subsection

- subsection item

Section with your own content

Your content here, inside an unformatted environment. You can use here e.g. mathematics

$$E = mc^2$$

put some table or figure, etc.

Now	Back to moderncv layout, without making a new section

You can use bibitems:
